Dear Sir/Madam,

**Invitation to Workshop on the Future of  
Nature Conservation Education in Malaysia**

As Malaysia moves ahead to attain its vision 2020 to join the developed country status, the conservation of biodiversity resources will face many challenges and opportunities. The future managers of our natural resources will be the undergraduate students of our tertiary institutions. These students will need additional skills and knowledge to effectively plan for the conservation and management of the biodiversity resources.

In order to formally discuss these issues further, we have the pleasure in inviting you to participate in the above mentioned workshop to be held at the Pan Pacific Hotel, Kuala Lumpur, on 24 March 2005. This is being held as a post symposium workshop, immediately following the second Regional Symposium on Environment and Natural Resources.

We look forward to your participation and contribution in this workshop. Details of the workshop are attached and updated information can be found the workshop website at [www.wcsmalaysia.org/Vision2020](http://www.wcsmalaysia.org/Vision2020).

Thank you.

Yours sincerely,

**(DATO' MUSA BIN NORDIN)**

Director General,  
Department of Wildlife and National Parks
